# Our Story

Maia Bakery started as a small, family-owned business run by our founder, Tin, and her husband. Tin had a passion for baking from a young age, and after years of honing her skills in her home kitchen, she decided to turn her passion into a business. In the early days, Tin would wake up before dawn to start baking and work tirelessly throughout the day to fulfill orders. Her husband would help with deliveries and administrative tasks in the evenings after he finished his day job.

Maia Bakery's baked goods quickly gained a reputation for being delicious and visually stunning. As word of mouth spread, the customer base grew, and soon they were getting orders for weddings, birthdays, and other special occasions.

Maia Bakery's dedication to using only the finest ingredients and traditional baking methods quickly became a hallmark of the business. Maia sources the best ingredients possible and makes everything from scratch, using time-honored techniques passed down through generations of bakers. As the company grew, Maia remained committed to its roots and continued to operate with the same care and attention to detail it had from the beginning.

Today, Maia Bakery remains a family-owned business and still uses the same high-quality ingredients and traditional methods that Tin started with. We're proud of our humble beginnings and stay dedicated to creating delicious, visually stunning baked goods that bring joy to our customers' lives.
